

# MAY

## News

Spring is finally here... for real this time! The kids are loving our new classroom manipulatives and educational tools! Thanks again for the support! We were even able to give our kitchen some upgraded equipment! This month provides so many fun activities for our students and teachers! Also, we are requesting that each parent provide a bag of wipes. This would be greatly appreciated to keep our kiddos clean outside! Sunscreen will also need to be provided for recess time!
